Course of Instruction

Model School Course

The teaching in the Model School is done mainly by the graduating class of the Normal Department, subject to the strict supervision of the Principal of the Model School. The chief aim of this course is to give our graduates some practice in teaching.

The course of instruction comprises the usual branches taught in common schools.

Normal Preparatory Course

This course embraces Orthography, Reading, Elocution, Writing and Drawing, Mental and Written Arithmetic, Descriptive Geography, History of North Carolina, Grammar and Composition.

Normal Course

Students with a fair knowledge of the branches named in the Normal Preparatory Course can enter this course and graduate in three years. The studies for the three years are as follows:

JUNIOR YEAR.

FIRST TERM.—Complete Arithmetic, Thompson; Physical Geography, Houston; History of U. S., Barnes; Voice Culture and Elocution; Higher English, Reed & Kellogg; Spelling, Reed's Word Lessons; Writing.

SECOND AND THIRD TERMS.—Complete Arithmetic; Physical Geography; Physiology, Colton; Higher English; History of U. S.; Elocution; Spelling; Writing and Drawing.

MIDDLE YEAR.

FIRST TERM.—Complete Arithmetic, Thompson; Higher English, Reed and Kellogg; Etymology, Webb; General History, Swinton; Physics, Avery; Civil Government, Finger; Writing; Drawing; Latin, Collar & Daniel.

SECOND TERM.—Algebra, Thompson; English; Etymology, Webb's Manual; General History; Physics; Civil Government; Writing; Drawing; Latin.

THIRD TERM.—Algebra; English; Word Analysis; General History; Botany, Gray; Bookkeeping, Bryant; Latin, Collar & Daniell.

SENIOR YEAR.

FIRST TERM.—Algebra, Thompson; Chemistry, Steele; English Literature, Shaw; Natural Philosophy; Psychology and Moral Philosophy, Young; Latin (Cæsar) Harkness; School Management, Daub.

SECOND TERM.—Geometry; Rhetoric, Hart; History of Education, Painter; Cæsar (continued); Method of Teaching, Williams; Reviews, Arithmetic and Grammar; History and Geography.

THIRD TERM.—Astronomy, Steele's; Cicero, Chase; Christianity and Science, Peabody; Reviews (continued).

A diploma will be given to those who complete the studies in this course and pass satisfactory examinations, provided all bills due by them to school have been paid.

College Preparatory Course

FIRST YEAR.

FIRST TERM.—*Latin*, Collar and Daniell; *Mathematics*, Algebra, Wentworth; *History*, Outlines of the World, Swinton; *English Composition*, Hart.

SECOND TERM.—*Latin*, Collar and Daniell (continued); *Mathematics*, Wentworth's Algebra; *History*, Outlines of the World; *English Composition* (continued).

THIRD TERM.—*Latin*, Cæsar's Gallic Wars, Book I; *Mathematics*, Algebra; *History*, Outlines of the World; *English Composition* (continued).

SECOND YEAR.

FIRST TERM.—*Latin*, Cæsar's Gallic Wars, Books II, IV; *Greek*, White's Grammar; *Mathematics*, Algebra (completed); *English*, Seven British Classics; *Physics*, Avery.

SECOND TERM.—*Latin*, Cicero, Chase; *Greek*, Grammar and Lessons; *Mathematics*, Geometry, Wentworth; *English*, Longfellow's Evangeline; *Physics*, Avery (continued).

THIRD TERM.—*Latin*, Virgil's *Æneid*, A and G; *Greek*, Xenophon's *Anabasis*; *Mathematics*, Geometry (continued); *Physics*, Mechanics, with Laboratory work; *English*, Literature, Gilman.

College Course

FRESHMAN YEAR.

FIRST TERM.—*Latin*, Virgil; *Mathematics*, Solid Geometry; *History*, Rome.

SECOND TERM.—*Latin*, Latin Prose; *Greek*, Memorabilia and Testament; *Mathematics*, Plain Trigonometry, Wentworth; *History*, Greece.

THIRD TERM.—*Latin*, Cicero on Old Age and Friendship; *Mathematics*, University Algebra; *Physics*, Sound and Heat; *History*, General Review; *English*, Shakespeare.

SOPHOMORE YEAR.

FIRST TERM.—*Latin*, Tacitus, Germany and Agricola; *Greek*, Iliad, Seymour; *Mathematics*, General Review, French, Otto.

SECOND TERM.—*Latin*, Livy, Lincoln; *Greek*, Prose Composition; *Mathematics*, Spherical Trigonometry; *French*, Super's Reader.

THIRD TERM.—*Latin*, Horace, Lincoln; *Mathematics*, Surveying and Platting; *French*, Reader, Super; *Physics*, Light and Electricity.

JUNIOR YEAR.

FIRST TERM.—*Greek*, Olynthiacs and Demosthenes, De Corona; *Latin*, Cicero's Seven Orations; *German*, McMillan; *Physics*, Avery.

SECOND TERM.—*Greek*, Writing into English; *Latin*, Writing into English; *German*, McMillan; *Physics*, Measurement and Laboratory work.

THIRD TERM.—*Mathematics*,—Review of Algebra and Geometry; *Christianity and Science*, Peabody; *German*, Light Reading; *English*, Scott's Lady of the Lake.

SENIOR YEAR.

FIRST TERM.—*Psychology*, Haven; *Rhetoric*, Kellogg's; *Constitution of U. S.*; *English Literature*, Bascomb.

SECOND TERM.—*Ethics*, Fairchild; *Rhetoric*, Kellogg's; *Mechanics*, *Political Economy*, Wayland and Chapin.

THIRD TERM.—*International Law*, Woolsey; *Logic*, Jevon's-Hill; *History of Civilization*, Guizot; *Life of Christ*; *Architecture*.

Bible studies will be continued throughout the course.

The degree of A.B. is given to the graduates of the Collegiate Department.

Theological Course

JUNIOR CLASS.

Exegesis, Interpretation Principles, The Construction of Sermons, Inspiration of Scripture.

JUNIOR MIDDLE CLASS.

Exegesis, Ecclesiastical History, Interpretation Principles, Preparation of Sermons.

SENIOR MIDDLE CLASS.

Exegesis, Christian Doctrine, Homiletical Criticism, Church Polity.

SENIOR CLASS.

Systematic Theology, Christian Doctrine, Homiletical Criticism, Pastoral Theology.

The degree of B.D. is given to the graduates of the Theological Department.

There will be a Law and Medical and also a Dental Department connected with the University.

Incidental fees must be paid in advance, when admitted—\$2.00 for the whole session.

Session begins Thursday, October 7.

Those desiring to attend must enter at the beginning of the session.

Chapel exercises are held daily, before the beginning of recitations.

There are regular religious services in the chapel on Sunday at 11 a. m.; a Sabbath School at 12 m., and a general meeting of praise and prayer at 7:30 p. m.

There are during the week prayer meetings, a meeting of the Y. M. C. A., and of the Literary Fraternities.

Expenses per Month in All Other Departments

The expense for instruction upon the piano or organ is \$2.00 extra per month for two lessons per week, or \$1.00 per month for one lesson per week.

Twenty-five cents extra will be charged for practice on piano or organ.

Young men and women who wish to pay a part of their expense by working, will be taken at the following *reduced* rates:

Young men, per month (four weeks).....	\$8.00
Young women, per month (four weeks).....	7.50
Day students, per month (four weeks).....	1.50
Graduation fee	5.00

That all who strive may be able to avail themselves of this chance, we have reduced the expenses to the lowest possible rates. Therefore the money must be paid at the end of each month.

Those that do not wish to work, will be charged \$8.50 per month.

No *part payment* will be accepted. Payments *must* be made for one month at *least*, but if the student wishes, he or she may pay for several months, or for the whole session, in advance.

As the students, and not the parents, will be held responsible for the payment of bills, they (students) should keep the money, or see to it being sent to the President.

As all payments must be made in advance, ten days' notice will be given before payments are due.

Students should come supplied with three or four dollars to purchase books.

All students must pay for two months in advance before admittance.

All pupils are required to bring their quilts, sheets, pillow-cases, towels, napkins and ring, a shawl and overshoes. They are required to bring their lamps, or come prepared to purchase them. Bedsteads and mattresses are furnished free. Students must also come prepared to purchase buckets and basins. The fuel for lamps will be furnished free.

Visits made by physicians will be free, but pupils must pay for the medicine. Pupils must bring their brooms or come prepared to purchase them.

Latta University, West Raleigh, North Carolina, was incorporated by the laws of North Carolina, February the 15th, 1894.

Those desiring admission must enter for the entire session, 8 months.

General Information

LOCATION.

Latta University is located in the village of Oberlin, one and a half miles west from the Capitol building in the city. The location is the very best for a school, being out of the busy city, but within easy reach by means of the electric street cars, which run close by the village.

This is one of the largest schools in the South for the race. In every respect it is able to accomodate more than six hundred students.

HEALTHFULNESS.

It is enough to say that there has not been a single case of serious illness this session, the third of the University's. Should a physician be needed, however, the best skill in the city will be called. The healthfulness of the locality can not be excelled. Each dormitory is heated by stoves and hearths, and so every necessary comfort is secured.

MEMBERSHIP.

For membership in the Institution a person must have a good moral character and must promise to abstain from the use of all intoxicating drinks, and tobacco in every form, while a member of the school.

Applications for admission should, if possible, be made a month before the beginning of the school year, and should state fully previous education.

It is very important that all should be present at the opening of the school in September, that they may be immediately classified, and thus lose no time in beginning work. If any part of the year must be lost it should be at the close rather than at the beginning of the year.

RELIGIOUS INFLUENCES.

The institution is wholly nonsectarian in its religious instruction or influence, yet earnest attention will be given to

Bible study, applying its truths to daily life and conduct, that a thoroughly Christian character may be attained. It is open to all students of either sex.

INDUSTRIAL TRAINING.

There will be an Industrial Department under the same management, with no extra charges. This department will be opened this fall. The boys will be taught some of the principles of farming and gardening, and we will endeavor to have them taught the use of tools.

The girls will be taught various branches of household science, such as sewing, dressmaking, and cooking, under experienced teachers; thus they will be trained domestically as well as intellectually.

GOVERNMENT.

The discipline of this institution is administered with firmness and impartiality. It aims to induce a higher moral sentiment among the scholars, which shall be in itself a powerful governing force in the school. When it becomes plain that a scholar is stiff-necked, and continues to infringe on the few rules of the institution, parents will be requested to take home such a pupil. Dismissal from school will be resorted to when all other means of correction fail.

WORK.

No money will be paid for work, but it will be used in defraying the student's school expenses, or it will stand on the books of the institution to his credit for schooling. Five cents per hour will be allowed for outdoor work. For the very poor, so far as can be provided, extra work will be given to partly defray their expenses.

HABITS.

Habits of economy will be a part of the instruction taught. We can not promise anything like luxury, the indulgence allowed at home, or the gratification of peculiar tastes and

notions, but good, wholesome food will be provided. Ten cents extra will be charged for each meal carried away from the table. No wasting of food at the table, or habits disgusting or injurious to companions will be allowed. Breakages, whose authors can not be ascertained, will be charged *pro rata* to the students.

MISCELLANEOUS SUGGESTIONS.

Bring the text-books formerly used—you may need them. All should be provided with warm clothing.

Young women should have rubbers and waterproofs.

Showy and expensive dress is not permitted to be used.

Prints, ginghams, and plain worsteds, neatly made, and colored undershirts are the most approved wear.

White dresses are not permissible.

Parents should not send clothing unless the request for it is endorsed by the Matron.

Students are not allowed to receive large quantities of food, fruit or candy. Friends or parents will please not send such.

Students who do not board at their homes are not allowed to board out of the Institution, except by special permission.

Students should, in all cases, be regularly excused when they leave school, as leaving otherwise is regarded as an offense.

Students are not allowed to make visits on the Sabbath, and their friends are earnestly requested not to call upon them on that day. This Institution is the result of benevolent efforts, and that it be decidedly religious in its influence, without being sectarian, is the reasonable expectation of its friends everywhere. One of the many means for securing such results, the Sabbath, with its religious services, is most important. It is our desire to make the school, as far as possible, a home for those who attend. Not only their intellectual, but also their physical, social, moral and religious culture receive careful attention.

WANTS.

Our most pressing needs at present are the following:

Donations for the aid of needy and worthy students; donations for increased current expenses; donations for additional buildings for our Industrial Department; gifts of bedding, tableware, books and furniture; endowment of professors' chairs.

RULES.

1. Students are required to attend divine worship at the University Chapel.

2. No student shall be allowed to absent himself from any of the exercises of the University enjoined by the Faculty without permission from the proper officer.

3. During study hours, each pupil who is not reciting shall remain in his room, strictly applying himself to his studies. Loud talking, laughing, or frivolous conversation are strictly prohibited. No loitering on the grounds or lounging on the beds will be tolerated.

4. Students who deface the buildings or commit any nuisance shall be immediately expelled.

5. Water, slops, or anything offensive will not be allowed to be thrown from any building of the University.

6. If anything is lost that is in the possession of any student, or injury done to furniture, rooms, buildings, or anything of the University, the damage shall be assessed by the President and charged to the offender, which is to be paid immediately to cover the loss. Students who vacate their rooms must leave them in good order, or a fine of one dollar (\$1) or more will be charged.

7. Strict rules of deportment, habits of virtue, and the treating of the officers of the University and his fellow-students with respect, are the conditions under which a student is kept in this institution.

8. Whenever the faculty becomes satisfied that a student is willfully violating the rules of the Institution, or is not

using his time beneficially in his studies, or is not a fit member of the University from any cause, his parents or guardian may be written to by the President so that he may be withdrawn, but should the welfare of the University demand immediate action, then he may be disciplined or excluded, at the discretion of the Faculty.

9. No student shall be admitted under ten years of age.

10. No young lady or gentleman from anywhere will be allowed to mingle with students upon the grounds.

11. Relatives and friends will always be welcomed, and the generous white people of this State and other States are invited to visit Latta's University.

12. No student shall be allowed to bring upon the grounds firearms, or carry concealed or dangerous weapons, or make any threats to any of the students. For the violation of this rule ten minutes will be given to leave the grounds.

13. Dishonesty in the settlement of bills, or failure to keep pledges made relative to the settlement of bills, when it is in the student's power to act otherwise, shall certainly result in exclusion.

14. No young man shall be allowed to call upon the young ladies without permission from the President.

15. No young man shall be allowed to converse with or to communicate in any way, with any young woman, at any time, with the exception of the time set apart for the social meeting.

16. No young lady will be allowed to visit any family without permission from the President.

17. Young ladies will be allowed to do their own shopping in company with a female teacher on Saturday afternoons.

18. No young lady will be allowed to receive any note or letter from any person, in any way, until it is first delivered to the President.

Young ladies who do not wish to be restricted, living under healthy restraints, but desire to do as they please, may not apply.

Industrial Department

SPECIAL OPPORTUNITIES.

Young men by working on the Industrial farm receive all the privileges of the boarding department. Rooms, bedsteads and mattresses will be furnished free. Heat and light and washing will be furnished free. The advantages of night school and the opportunity of earning from eight to ten dollars per month, to be placed to their credit account in the Institution, and applied to their board account. No student will have admission to the Industrial School under sixteen years old, students must be healthy and able to do farm work, they should come prepared to buy their books. Work students who do not abide by the regulations, and who do not give satisfaction in their work, will not be retained in school, and, on being sent away, forfeit their right to any part they may have earned. All work, even that which is remunerative, is instructive and methodical, and under the direction of experienced supervision. Those desiring to work can enter the Industrial School, which runs ten months. Those who are not prepared can go to the night school and work out a part of their schooling. This is done so all persons can have an opportunity to get an education. In some extreme cases, when we find that a worthy person desires to get an education, and is deprived of necessary means, we will make it convenient for them to work their way through school. Young men will be taught to do all kinds of carpenter work and brick-laying.

Those who enter the Industrial School with the intention of working their way through school, only have permission to attend the night school, and they are required to pay \$4.00 for incidental fees. The school will run day and night. It will be optional with the students as to which school they will attend—day or night school. They will be taught by experienced teachers.

For further information address the President of the Institution.

Young ladies who enter the Industrial Department will be taught to do laundry work, and all kinds of house-work.

LATTA UNIVERSITY, OBERLIN, N. C.

DEAR FRIENDS:—It may no doubt be a strange thing for a letter to appear in a catalogue, but when viewing the arduous work through which I have passed, and the guidance of Almighty God, I can not but seize this opportunity to express myself—not from any other cause but gratefulness.

There is no school for the *benefit of the race* which has had so humble an origin as this, and yet (if signs mean anything) is destined to be one of the foremost for the higher elevation of our people.

This is for the race, and the first which has been gotten up under like circumstances, with a representative of the race at the head.

I can not forget to thank the generous white people of the "Old North State" and elsewhere who have so kindly helped me in this work. While thanking for the past, I earnestly plead for their aid in the future, and the cooperation of the race.

M. L. LATTA.
